river, by a canal of great capacity on the line of the unfinished James River and Kanawha Canal, across the mountains in Virginia. The proposed work would be 400 miles long, and would make a coatin-1200 bags Coffee

and miles long, and would make a coatinnous water communication from the sea
westward to the 17,000 miles of navigation
in the Mississippi Valley. It is claimed
that such a work would increase the value
of Western produce a hundred millions a
year, while cheapening bread in the East,
because, as estimated, Western grain
would save full two-thirds of the freight
now paid by the consumer and the producer to the carrier.

The New York Commercial Advertiser
of the 18th inst. says: The new life and
spirit which has been infused among the 1200 barrels Flour, 1500 pkgs. Mackerel, 1000 kegs Nails, spirit which has been infused among the Southern people since the close of the war manifest themselves in the various outer-500 pieces Bagging, 200 barrels Whisky, manifest themselves in the various vater-prises and improvements which are taking undertaken. The Lake Borgne Canal is a project of interest to the North as well as the South, and the word or is that it should not have been undertaken years ago, Lake Borgne is ten miles below New Or-leans, is forty miles long and lifteen broad, and connects with the Guif of Mex-leo by Passesouth Sound, and with Lake

broad, and connects with the Gulf of Mexteo by Pascagoula Sound, and with Lake
Pontchartrain by two passes. Not long
since a company was organized to connect
the Mississippi river with the lake. The
distance between the two is only five
and a half miles, including two and a half
miles of Bayon Dupres. The proposed
canal is to be 150 feet wide and 12 feet

J. T. FARGASON.

C. C. CLAY FARGASON & CLAY,

disconsisted us that occasionally as three in one grave, including a many as three in one grave, and does great injustice both to the county and the great injustice both to the county and the poor, as we are taught to believe that at continued to get up a saitable cast in death we are all equal.

All of which is respectfully submitted. ROBERT ECKLIN.

Foreman, etc.

The following were appointed on the committee: James Charles, J. J. Bubose, Dr. Mitchell, Colonel Dawson and Captain Stration.

Resolved, That we appoint a committee would give about 350 miles of increased navigation, and place Texas and the Missington, and place Texas and the Missington and place Texas and the Missington and place Texas and the Missington, and place Texas and the Missington and place Texas, temporarily residing in Washington, II. C., beens up to order by the first of July beet.

Adjustinguished Texas, temporarily residing in Washington, II. C., beens up to the Chronicle, of that city, a plan for including in Washington, II. C., beens up to order by the first of July beet.

Adjusting in Washington, II. C., beens up to the Chronicle, of the Chronicle, of

The New White Store, 298 Main street,
five to wait on Miss M. M. Blackweit,
five to wait on Miss M. M. Blackweit, Perhaps no work would be easier to build than a canal of this act; certainly For sale by FARGASON 5 OF A

one that would be more remunerative It would open up to the commerce of the world 237,000 square thirs of productive territory in Texas, and about 20,000 in Western Louisians. The treights of salt, imuber and cattle, saying nothing about sugar, molasses, wood, cotten, and every description of other merchandise, would slone kive a rien return upon the invest alone give a rien return upon the investment. The trade with Mexico wonder also
inruish a good business. Cattle could be
looded at any point on the rivers, and
brought in the linest order, business
rigged taxons projected by taglocats, in
the Northern market.

Such a canal would supply the lumber
to render the lower Mississippi valuable
as a navy yard. Few subjects are at mark
investages to the nation. The Northern importance to the nation. The North-west is directly interested—Illinois and Pennsylvania more than any other two y States, without tells Obio and Indiana.
